

INTTRA DESKTOP

Streamline and Simplify Your Booking & Shipping Instructions Process. The Benefits for You and Your Customers are Many.

The leading B2B global ocean-shipping platform makes the creation, submission and management of booking and shipping instructions exceptionally simple for shippers/freight forwarders with an application of proven performance.

INTTRA Desktop is the standalone PC-based solution that enables offline creation of Bookings and Shipping Instructions (SI) on a single screen formatted to resemble a bill of lading – a user interface that allows seamless real-time electronic submissions to any carriers in the INTTRA global network. The benefits are many.

- *Simplify* Bookings/Shipping Instructions with a single, easy intuitive process
- *Ensure accuracy*: standardize data input on a single PC screen resembling a BL
- *Promote efficiency* with an application that adapts to your work process
- *Save time* and free up personnel for other critical duties

Standardize Your Booking & Shipping Process – and Work Faster

The INTTRA Desktop graphical user interface (GUI) is intuitive and easy to operate – providing greater efficiency based on a single process for creating/submitting/managing Bookings and SIs to multiple carriers with INTTRA Universal Access.

Work the Way You Want – and Meet Global Customers' Needs Better

INTTRA Desktop not only adapts to your work process, its flexible architecture:

- *Supports* multiple email clients and operating systems
- *Allows* transactions to be sent immediately or saved until a user connects to the Internet
- *Adapts* to your way of creating Bookings/Shipping Instructions – offering availability in 17 languages with preference and favorites settings
- *Minimizes* data entry with drafts/templates for transactions that don't vary shipment to shipment

Transmit Seamlessly and Automatically – and Work Smarter

INTTRA Desktop leverages real-time connections with INTTRA carriers – automatically routing completed transactions electronically so that re-keying and the resulting billing re-work are minimized.

As with all our products, INTTRA's Global Service Team provides 24-hour support via Live Chat on the Web, email and phone inquires.
